Emergency Relocation and Security Funds Proposal

[Thread Author] · Private · Seen by 52

Hi, good morning everyone

My name is [Thread Author], A.K.A. [Redacted], I'm reaching out to you today in a time of dire need. I recently was let go from my full time job because I've been struggling with mental stability and home security for some time now. I currently live in a shelter. Unfortunately I also recently experienced some intense physical abuse, so I'm quite stressed right now.

I'm requesting \$600 in emergency funds so that I can stay afloat while searching for a new job and home. I'm really trying to turn my life around right now. Any leads on stable living situations and jobs are more than welcome so please message me directly if you know of any. Thank you all for your time and consistent care and support. Have a blessed day💕

This proposal has been approved. The funds have been sent to [Thread Author]. We only have \$600 left in our fund until next month as we have been funding a lot of proposals as of late -- keep this in mind when submitting proposals over the next few months. Thank you.
